

## TRAUKUTITAN EOCAUDATA

Systematic	Titanosauria
Site and province	Barreales lake, Neuquén
Formation	Bajo de la Carpa, Neuquén Group
Age	Upper Cretaceous
Material	Two femurs and several anterior caudal vertebrae.
Environment	Fluvial
Authors	Juarez Valieri & Calvo (2011)
Notes	From <i>Trauku</i> , the Araucanian mountain spirit, usually represented as a giant; and titan, the name of the mythical Greek giants. <i>Eocaudata</i> references the basal morphology of their middle caudal vertebrae.

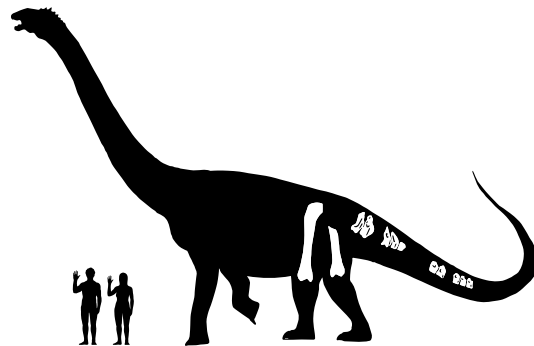

Table 6. *Traukutitan eocaudata*, general information.
